

Informed Consent for Treatment

A psychologist-client treatment relationship does not exist until after initial assessment is complete and we have decided to move ahead as evidenced by your signature on this form. It is important that we both agree that we are a good match in working together towards your goals.

I, _____(client name), hereby voluntarily consent to evaluation, recommendation, and/or treatment by Karleen Paquette, Psy.D.

I am aware that the practice of psychotherapy is not an exact science and I acknowledge that no guarantees have been made to me regarding the results of treatment or procedures by this psychologist. Furthermore, I understand that evaluation and treatment will involve discussion of personal events in my own history which, at times, can be very personal and at times, uncomfortable or upsetting.

I am aware that I may terminate my treatment at any time without consequence, but that I will remain responsible for payment for services that I have received.

I am aware that any cancellations of appointments must be made at least 24 hours in advance of the scheduled appointment. If I cancel in fewer than 24 hours or do not show up for my appointment, I will be charged the regular fee for the session.

I am aware that payment is due at the time that services are provided to me. If I do not provide payment for the services that I receive, my treatment may be discontinued and Dr. Paquette would willingly provide me with referrals to other professionals.

Karleen Paquette, Psy.D. is currently licensed as a Licensed Psychologist in California but working in Denmark with the awareness of the Danish Psychological Association.

I understand that Karleen Paquette, is the sole proprietor of her practice. In the event of her death or disability, her records will be transferred to the therapist of her choosing.

I certify that I have read, or have had explained to me where necessary, and fully understand and agree to the contents of this document.
